

TEC BINGO

- The day before the Bingo game I will email you your individual virtual Bingo card.
- You can either print out the card (I suggest printing out 5 of the same card because you'll use this card for all 5 games) or you'll be able to play virtually through that link.
- The game will start promptly 10 minutes after the Zoom meeting starts.
- I'll be calling out the Bingo numbers on Zoom.
- We will email you the login and password for the Zoom call.
- When playing virtually, you simply touch the screen to mark the called number. If you made a mistake, touch it again and the X will go away.
- When you have BINGO you must type in BINGO and your card number (which is located in the corner of your card) in the chat section on Zoom.
- I will check your card number to make sure you marked them correctly.
- There is the possibility of having more than 1 card get BINGO so whoever types it in first will win.
- If you're playing virtually and we're ready for the next game, simply hit the reset button to clear the card.
- If you'd like to play another day you simply go to the link provided and purchase another card. <https://templeetzchaim.shulcloud.com/form/bingo>
- Cards CANNOT be reused from one day's game to another.

If you have questions feel free to email me at boardofdirector3@temple-etzchaim.org

Thanks, Margot Rivelis
